Our Programmes

Our Hong Kong office offers the following opportunities:

- **Vacation Scheme**
The scheme is designed to give you an intensive experience of our culture and the kind of work that we do. To give you a realistic taste of life as a trainee solicitor, you will rotate through different practices and will be supervised by a qualified solicitor.
- **Training Contract**
During the two-year training, we will collaborate with you to plan four seats of six months in which you will be provided with opportunities to rotate through various practices and divisions. One of the four seats is likely to be an international secondment to one of our overseas offices.

Make the difference with your application

You'll have to do your own research, and check our website for the application deadline for your chosen office. We encourage you to only make one application to one location.

Accuracy, clarity and honesty are a must. Above all, we want to know the real you. Academic achievement is, of course, a good place to start when putting together your application. Just as importantly, we'll be looking for the qualities that will make you a good Ashurst lawyer.
