THE CLIFFORD CHANCE APAC **ADAPT** VIRTUAL CONFERENCE

Calling aspiring technology lawyers.

Join us at **ADAPT**, our inaugural virtual event for students and graduates interested in a tech-focused legal career.

At Clifford Chance we recognise that rapid advances in technology such as artificial intelligence, robotics, blockchain, big data and cyber security are significantly impacting our clients' business models, their growth strategies and even day-to-day decision making, bringing opportunities to be harnessed and risks to be navigated.

Integrated and dynamic, our Tech Group is a single global team delivering strategic tech law advice to help clients stay ahead of the curve and outstrip the pace of change.

Hear from our Tech lawyers about what is keeping them busy, the latest tech challenges in the region and what it means to be a tech lawyer at Clifford Chance.

WHEN: Thursday 24th November 2022 from
2.30pm (HKT, SST, AWST) or 5.30pm (AEDT)
WHERE: Virtual Event

Register now!

Deadline:
21 November 2022
